CAD \$1,841.83

Refresh your BMW SMG transmission system with confidence using our NEW genuine BMW SMG Solenoid Kit, complete with installation hardware. This comprehensive kit includes all four solenoids essential for optimal transmission performance. Whether you're replacing individual components or upgrading the entire system, our kit provides the reliability and precision your BMW deserves.

Here's why our solenoid kit stands out:

Complete Solution: Our kit includes all four solenoids required for a thorough replacement or upgrade of your BMW SMG transmission system. With each solenoid meticulously crafted to OEM standards, you can trust in the precision and reliability of every component.

Enhanced Efficiency: Properly installed solenoid kits play a crucial role in improving the efficiency and reliability of mechanical systems. By ensuring precise control over fluid flow, our solenoids optimize transmission performance, resulting in smoother shifting and enhanced driving dynamics.

Maintenance Benefits: Regular maintenance is key to extending the lifespan of your vehicle's transmission system. Our solenoid kit not only improves efficiency but also helps reduce maintenance costs and downtime by preventing leaks and malfunctions that can lead to system failures.

Quality Assurance: As genuine BMW components, our solenoids are manufactured to the highest standards of quality and reliability. Backed by BMW's reputation for excellence, you can trust that each solenoid is engineered for long-lasting durability and performance.

Experience the difference firsthand with our genuine BMW SMG Solenoid Kit. Elevate the performance and reliability of your transmission system while reducing maintenance costs and downtime. Trust in our quality craftsmanship and OEM precision to keep your BMW operating at its best, mile after exhilarating mile.

This kit will NOT fit M3, M5 or M6 SMG systems, only for NON-M models
