Audi A6 Allroad Hydraulic Pump New Motor 4z7323167, 4Z7614165A

CAD \$314.84

The Audi A6 Allroad Hydraulic Pump 99% of problems are related to electric motor failure. This is a new electric motor that can be replaced without affecting hydraulic system fluid and will save time not having to bleed the system.

Fitment for 1999-2006 Audi Allroad 6-speed manual transmission with low range package.
