## BMW E60/E63/E64 Clutch Slave Cylinder Seal 23427507098

★★★★★

**USD \$81.94**

Enhance your BMW E6x's clutch system with a completely new and upgraded replacement inner seal for the SMG clutch slave cylinder. The 3-piece repair kit replaces inner seal, dust boot and comes with a locking ring. The seal material we use is compatible with CHF-11S, used in the SMG hydraulic system.

Engineered to OEM standards, our clutch slave cylinder seal, ensures precision fit and reliable performance. Addressing leaks and ensuring optimal hydraulic function, this seal guarantees seamless compatibility, keeping your E6x's clutch system running smoothly and efficiently.

Upgrade with confidence using our genuine part.

For following models:
