BNB Stainless Steel Exhaust Header Manifold X Pipe for Ferrari 599

CAD \$2,520.00

Crafted from 1.5mm SS304 stainless steel, this exhaust header and X-pipe manifold is designed for the Ferrari 599 GTB V12 6.0L (2006-2011). The high-flow design reduces back pressure to improve engine performance and delivers a deeper exhaust note. A direct bolt-on fitment ensures straightforward installation without modifications.

Material: SS304 Stainless Steel

Thickness: 1.5 mm

Type: Exhaust Header Manifold with X Pipe

Fitment: Ferrari 599 GTB V12 6.0L

Year: 2006-2011

Application: Auto Exhaust System

Style: Fashion / Performance

Warranty: 1 Year

Packing: Carton

Place of Origin: Guangdong, China
