BNB Stainless Steel Exhaust Pipe for BMW 523i F10 N52 1.5mm

CAD \$1,760.00

This stainless steel exhaust pipe is designed for the BMW 523i F10 N52, offering a direct fit and non-destructive installation. The 1.5mm thick steel construction provides durability and a bright, matte finish. It features an electronic valve control system with a wireless remote for sound management, and customization options for the silencer, shock absorption, and heat shielding are available.
