BNB Titaniumz Exhaust Catback for Chevrolet Corvette C8 6.2L Stock Valve

CAD \$3,147.50

This titanium alloy catback exhaust system is engineered for the Chevrolet Corvette C8 6.2L, featuring a smooth 1.5mm thickness and a polished finish. It retains the stock valve functionality for controlled sound output with wireless remote control. Non-destructive installation ensures a direct bolt-on fitment. The system includes an electronic valve for adjustable exhaust notes and enhanced performance.
