BNB Titaniumz Ferrari Purosangue 6.5L Catback Exhaust System

CAD \$2,541.58

Constructed from premium 304 stainless steel with a 1.5 mm thickness, this catback exhaust system is designed for the Ferrari Purosangue 6.5L. It features an electronic Valvetronic valve for adjustable sound control, offering both silent and race modes. The system reduces weight compared to the factory exhaust and is manufactured using laser cutting, TIG welding, and CNC pipe bending.

Car Fitment: Ferrari

Model: Purosangue 6.5L

Material: 304 Stainless Steel

Thickness: 1.5 mm

Type: Catback Exhaust System

Valve Type: Electronic Valvetronic

Style: Fashion

Place of Origin: Guangdong, China

Warranty: 1 Year
