BNB Titaniumz High Flow Stainless Steel Exhaust Downpipe for VW Golf R MK7

CAD \$397.50

Crafted from T304 stainless steel with 1.5 mm thickness, this high flow downpipe features a V-clamp heat shield and 3.0-inch (76 mm) large diameter design that removes factory restrictions. Precision TIG welded with CNC machined flanges for a leak-free seal, it reduces backpressure for faster turbo spool-up. The direct bolt-on fitment suits the Volkswagen Golf R MK7 2.0T engine without modifications.

Material: T304 Stainless Steel

Thickness: 1.5 mm

Diameter: 76 mm (3.0 in)

Car Fitment: Volkswagen Golf R MK7 2.0T

Type: Exhaust System

Style: Fashion

Warranty: 1 Year

Place of Origin: Guangdong, China
