BNB Titaniumz High-Flow Valvetronic Cat-Back Exhaust for Porsche 911 997.2

CAD \$1,350.00

Precision-engineered from T304 stainless steel, this valvetronic cat-back exhaust system is designed for the Porsche 911 997.2 naturally aspirated flat-six engine. It features mandrel-bent tubing and dual-mode sound control for a refined yet aggressive exhaust note. The direct bolt-on design eliminates factory restrictions, reducing backpressure for measurable power gains. Backed by EU Machinery Compliance certification, this system delivers exceptional durability and track-ready performance.
