BNB Titaniumz Honda Civic Type-R FK8 Valvetronic Exhaust Catback Stainless Steel

CAD \$1,500.00

This BNB Titaniumz valvetronic exhaust catback system is engineered for the Honda Civic Type-R FK8 (2017-2020) using high-grade stainless steel construction. The system features a wireless remote-controlled electronic valve for adjustable sound output and a smooth, matte finish. Non-destructive installation allows for a direct bolt-on fit without modifications.
