BNB Titaniumz Catback Exhaust Double X Pipe OEM Valve McLaren 720S 4.0T

CAD \$2,000.00

This catback exhaust system is constructed from 1.5mm stainless steel with a dual X-pipe design and retains OEM valve functionality for the McLaren 720S 4.0T. It enhances exhaust flow and delivers a deeper, more aggressive tone while maintaining compatibility with factory electronics. Precision TIG welding ensures durability and a clean appearance under the vehicle. The system is a direct bolt-on replacement requiring no modifications for installation.

Material: Stainless Steel

Thickness: 1.5mm

Inlet Count: 4

Fitment: McLaren 720S 4.0T

Valve Type: OEM Compatible

Pipe Design: Double X Pipe

Application: Performance Exhaust

Style: Fashion
