## BNB Titaniumz Stainless Steel Universal Z Pipe Silvery 80x40x30

**CAD \$650.00**

This universal Z pipe is constructed from high-strength stainless steel with a 1.5 mm thickness and a smooth finish. Designed for BMW vehicles, it features non-destructive installation and supports electronic or pneumatic valve control via a wireless remote. The pipe measures 80x40x30 cm and is built for enhanced exhaust flow and performance. Customization options include silencer drum, heat insulation, and OPF modifications.
