BNB Titaniumz Stainless Steel Valvetronic Exhaust for Ferrari SF90 Coupe

CAD \$1,715.00

Crafted from T304 stainless steel, this valvetronic cat-back exhaust system is engineered for a direct bolt-on fit on the Ferrari SF90. The dual-mode valvetronic design delivers a quiet daily driving experience or an aggressive sport exhaust note on demand. TIG welding ensures a leak-free, durable construction, while the reduction in backpressure can increase horsepower and torque. This complete plug-and-play kit includes all necessary hardware for installation.

Material: T304 Stainless Steel

Fitment: Ferrari SF90 (2019+)

Type: Valvetronic Cat-Back Exhaust System

Pipe Thickness: 1.5 mm

Installation: Direct Bolt-On

Sound Control: Dual-Mode Valvetronic (Quiet/Sport)

Warranty: 12 Months

Package Includes: Exhaust System, Hardware Kit
