BNB Titaniumz Catback Exhaust for McLaren 720S 120x50x40 Slivery

CAD \$3,215.00

Crafted from high-strength titanium alloy, this valvetronic catback exhaust system is designed specifically for the McLaren 720S (2019+). Features wireless remote-controlled electronic or pneumatic valve operation for adjustable sound output. Non-destructive bolt-on installation ensures a perfect fit with all factory mounting points. The 1.5 mm thick tubing delivers a deep, refined tone while reducing overall weight.

Material: Titanium Alloy

Thickness: 1.5 mm

Finish: Smooth
