E46 M3 SMG II Pump Relocation Bracket and Hardware

USD \$191.20

Upgrade your SMG system with our innovative E46 M3 SMG II Pump Relocation Bracket—a revolutionary solution crafted to elevate performance and enhance servicability. Our relocation bracket seamlessly shifts the SMG II pump to the passenger side compartment. You can now bid farewell to concerns about engine bay heat affecting pump performance. Precision-crafted and engineered for excellence, our brackets utilize factory mounting positions on the pump for effortless installation. Complete with full rubber isolators and stainless steel hardware. Your pump will be securely safeguarded against both vibrations and corrosion. Elevate your driving experience with our E46 M3 SMG Pump Relocation Bracket—because every detail counts in optimizing performance.
