E46 M3 SMG II Rebuilt Gear Actuator 23412229789

CAD \$665.28

Car models and model Year E46 M3 SMG II Rebuilt Gear Actuator is compatible with is in the table below

M3	2000-2006
M3 CSL	200-2006

The E46 M3 SMG II Rebuilt Gear Actuator is a replacement part for the Sequential Manual Gearbox (SMG) system found in BMW E46 M3 models. The actuator is responsible for controlling the gear selection process in the SMG system, and is an essential component for smooth and efficient shifting.

This rebuilt gear actuator has been remanufactured to meet or exceed OEM specifications, ensuring high quality and reliable performance. It has been thoroughly tested and inspected to ensure that it meets strict quality standards and is free from defects.

The actuator is constructed from high-quality materials and features a robust design, ensuring durability and long-lasting performance. It is designed to fit directly into the OEM location, making installation quick and easy.

Its is an excellent choice for BMW E46 M3 owners looking to restore the performance of their SMG system without the high cost of a new OEM part. With its reliable and high-quality construction, this gear actuator is sure to provide years of trouble-free operation.

The core fee of \$100 is included in the purchase price of this product.
