Introducing our top-of-the-line Ferrari F360 F1 replacement pipe kit—an essential upgrade engineered to optimize the performance and reliability of your vehicle's transmission actuator. Designed for seamless connection to the transmission actuator, this comprehensive line kit includes all high-pressure lines necessary for optimal functionality. With precision-engineered components and durable materials, our kit ensures smooth hydraulic operation, promoting smoother gear shifts and enhanced driving dynamics.

Our kit includes the following parts:

- EV1- 179340
- EV2- 179342
- EV3- 179343
- EV4- 179344
- EV5- 179345
- Pump to Block pipe - 179348
- Recirculation Pipe - 248088
- Replacement Pipe Union x 22 - 171454
- Replacement gasket kit x 24 - 10261060

While individual lines are available separately, we strongly recommend replacing the complete kit at the same time to save on labor charges in the long run. By ensuring all components are replaced simultaneously, you'll avoid potential issues and enjoy consistent performance from your Ferrari F360 F1 hydraulic system.
