Lamborghini E-Gear Clutch Release Bearing 086141671L

USD \$874.08

Restore your Lamborghini Gallardo or Murcielago to its original glory with a brand-new E-Gear clutch release bearing. This OEM bearing kit ensures seamless gear shifts and optimal performance.

Experience the joy of effortless gear changes and the confidence that comes with a new clutch release bearing. Replacing the clutch release bearing will address common wear-and-tear issues, such as slipping, rough shifting, and excessive noise. By replacing the worn component with this high-quality bearing, you're investing in preserving your vehicle's value and performance.

Say goodbye to the frustrations of a worn-out clutch release bearing. With this new bearing kit you're investing in a reliable, durable, and OEM replacement that will keep your beloved Lamborghini running smoothly for years to come.
