## Lamborghini Gallardo DC motor for pump 086959755 Upgrade

**USD \$534.28**

This is the ultimate upgrade for your Lamborghini E-Gear system: the MLR reengineered pump motor! Experience the next level of performance with our custom engineered pump motor. Meticulously designed with an impressive 20% increase in performance compared to the OEM motor. One of the standout features of our upgraded pump motor is the machined aluminum heat sink, strategically integrated to keep your system running cooler for extended periods. Whether you're cruising on the road or pushing the limits on the track, our unit ensures optimal temperature regulation at all times, eliminating any concerns about overheating. Take your driving experience to new heights with this top-notch replacement unit. However, due to its enhanced capabilities, we advise professional installation to ensure a perfect fit. Please note that our motor is physically larger than the OEM, and while it fits most applications seamlessly, some adjustments may be required during installation. Upgrade your Lamborghini E-Gear system today and unleash its full potential with our re-engineered pump motor. Don't settle for anything less than extraordinary performance - grab yours now!
