USD \$2,163.34

The SMG III upper actuator is used in BMW vehicles with Sequential Manual Gearboxes (SMG). We have rebuilt the upper actuator with new and upgraded components to exceed the performance standards set by the OEM. A full overhaul and rebuild service for SMG III upper actuator will be completed by our expert technicians. Services and products included are:

- Rebuilt position sensor harness with new connectors
- New seals throughout
- Tested actuator valves
- Fully bench tested once assembled
- Ultrasonic cleaning of all components

You'll have everything you need for a fully restored upper actuator. Gone are the days of settling for sluggish shifts and lackluster performance. With our rebuilt actuator, you'll unleash the full potential of your BMW, experiencing smoother shifts, sharper response, and enhanced driving dynamics. Treat this product as a BMW SMG III upper actuator upgrade, engineered to meet the exacting standards of the iconic M series. This high-performance upper actuator ensures optimal shifts for your SMG transmission. Precision-crafted to guarantee a perfect fit and seamless integration, it restores your M6 or M5 to its peak driving performance. Experience smoother gear shifts and enhanced driving dynamics with this upgraded part, purpose-built for the E6x platform. Elevate your M series driving experience with the reliability and precision. A \$250 core charge is included in price, refund issued once old pump section is returned to our warehouse. For full refund used pump has to be free of damage upon reception Related Part Numbers:
