Speed Sensor - Ferrari F1 DCT 7DCL750

USD \$568.15

Brand new original speed sensor for all Ferrari F1 DCT 7DCL750 7 speed DCT transmissions. Say goodbye to transmission warning messages and gear loss caused by defective sensors. Our product ensures reliable functionality, This is Brand new original part, we recommend professional installation.

If you've experienced the frustration of a transmission warning light and loss of even or odd gears, you're not alone. Many Ferrari owners face this challenge, often resulting in costly transmission repairs.

Unlike the dealer's preference for full transmission replacements, our sensor provides a cost-effective alternative. Each transmission requires just one sensor.
