Titanium Catback Exhaust for Ferrari 488 — Muffler With Valve High-Flow

CAD \$7,540.00

ING Titanium Catback Exhaust System with Valve — For Ferrari 488 2016–2018

Upgrade the sound and flow of your Ferrari 488 with this ING titanium alloy catback exhaust system, built for 2016–2018 models and designed for a more performance-focused setup. The high-flow muffler with valve gives you flexibility between driving styles, while the titanium construction helps keep weight in check.

Key Features

- **Valve muffler:** Offers valve control for adjustable exhaust character
